

Customized Plastic Repair Kits

PWK11

Malcom Company can customize heat gun kits to meet your individual needs. The photos in this flier shows the Plastic Welding Kit and the Flooring Kit. The Plastic Welding Kit is used for general plastic welding repairs, the kit includes the welding tool, speed welding nozzles, assorted welding rods and an assortment of tools used in plastic repairs.

Flooring Repair Kit

The Flooring Kit is used for the repair of flooring in Military Facilities and on board Military vessels. We color matched

Flooring filler welding rod to

match the floor in various

facilities. The welding rod is packaged with the hot air tool,

Nozzles and assorted items used for the repair of PVC vinyl coated flooring materials.
